

## WOMAN DIES HERE OF SLEEP MALADY

Washington's first death from "sleeping sickness" was reported yesterday to Dr. William C. Fowler, District Health Officer.

The victim was Mrs. Lucy Eaton, colored, thirty-five years old, of New York, a visitor to the city. She died at Freedman Hospital.

The woman had been ill for thirteen days, during which time she could only be aroused from coma with difficulty.

Mrs. Eaton came to Washington fifteen days ago to visit Mrs. Alice Bruser, 1307 Q street northwest. She became ill two days later and was sent to the hospital by Dr. J. Hayden Johnson.

Another victim of the disease in Washington is Mrs. Ella Zolotoff, 2925 Fourteenth street northwest, who is a patient at the Georgetown University Hospital. Dr. John Contas, 1110 Massachusetts avenue northwest, her physician, today said her condition is improving.

**OLDEST LIVING PRIEST IS 100.**  
WINNIPEG, March 27.—The Rev. Father Damase Dandurand, O. M. I., 110 years old, is thought to be the oldest living priest. He was born at La Prairie, Quebec. Pope Benedict cabled congratulations on his 100th birthday recently.

## "BAYER CROSS" ON ASPIRIN

Always Ask for Genuine  
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by American and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer, Manufacture of Monocarbocidester of Salicylic Acid.

## Another Consignment of War Brides From Overseas

Photos Copyrighted by International Film Service.

Here are some more smiling English and French brides on their way to the "home towns" of the American soldiers they met, loved, and married across the seas. Fifty-one of them arrived on the auxiliary cruiser Louisville, ready to like everything about

their new country as well as they had liked the khaki-clad men who carried aid to their native land. Their husbands will be along when the War Department gets around to it; meanwhile they will stay with their newly-acquired in-laws.

## RED CROSS NEEDS AUTOS AND DRIVERS

Trucks and drivers are needed for the Red Cross drive for old clothing, according to Mrs. Ida M. Galloway, who is in charge of the District operations.

At least two tons of clothing is lying in the collection stations at the police stations and fire engine houses through the city because the Red Cross has no adequate facilities for the collection. Three trucks belonging to the Potomac division and the District chapter of the Red Cross have been doing heroic service, but more are needed.

Mrs. Galloway estimated that three more trucks would meet the demands of transportation. About one hundred bales of clothing, averaging about fifty pounds to the bale, were shipped from the Red Cross warehouse near the Union Station this morning. This clothing represents the amount collected during the first three days of the drive.

Mrs. Galloway said this morning that Washington must average five tons a day to fill its quota. So far only about five tons have been taken to the central warehouse.

**HORSESHOES FOR GENERALS.**  
MARTINSBURG, Pa., March 27.—Charles Gorsuch, a local horseshoer, wrought "good luck" horseshoes during the progress of the world war and sent them to all the allied generals and statesmen. He now has in his possession the autograph of all the men who had principal parts. General Foch's acknowledgment came the other day, being the last. Mr. Gorsuch considers it his "prize autograph," and has had it framed.

## HIGH WINDS DELAY NEW YORK PLANE

After fighting very heavy head winds for nearly five hours, a huge Glenn-Martin bombing plane, piloted by Capt. Roy Francis, Bolling field flyer, and carrying four passengers, one of them General Carlton, of the British air service, arrived at Bolling field yesterday evening.

The big plane was delayed so long by adverse winds that a landing at Aberdeen, Md., for fuel was necessary. The time from New York to Washington, including the stop at Aberdeen, was 4 hours and 45 minutes.

Captain Francis a short time ago established the bombing plane record of 2 hours and 15 minutes for the distance with the same ship. The four passengers yesterday were General Carlton, Captain Steine, U. S. A., Lieutenant Harmon, Bolling field aviator, and Sergeant Cook.

The five British scout planes which were to have made the flight were seriously handicapped by the strong head winds. Only one, piloted by Lieut. Leo P. Post, of Bolling field, succeeded in reaching this city. Two others stopped for the night at Aberdeen, and two remained at Mineola until weather conditions are more favorable for the flight. Lieutenant Post reported constant head winds and slow speed. He was compelled to stop at Aberdeen for gasoline and arrived here at dusk yesterday evening.

Every woman knows that continual use of the hot curling iron means brittle, blistered, parched, dead-looking hair with burnt, uneven ends. There's no need of anyone using that instrument of torture, now that we know what can be accomplished by the occasional application of ordinary liquid almerine. This is not only more effective, giving the hair a softer and prettier curl, but tends to promote its health, lustre and beauty. Any drugist can supply almerine in liquid form and a few ounces will last many weeks, so it is quite economical to use.

The approved way to part the hair in several strands and with a clean tooth brush apply the liquid the full length of each strand. The over-night transformation is agreeably surprising to one who has never tried this simple and harmless method.
